

Useful Christmas Presents

The Holiday Spirit

is breathed into every part of our merchandise for men, women and children who desire the best in wearing apparel at a MODERATE cost. As gift suggestions, we 'suggest' the following:

TIES:

Our line of ties was never larger or handsomer. All kinds, from Cheney Silks on up and down. A man or boy delights in having a new tie.

HOSIERY:

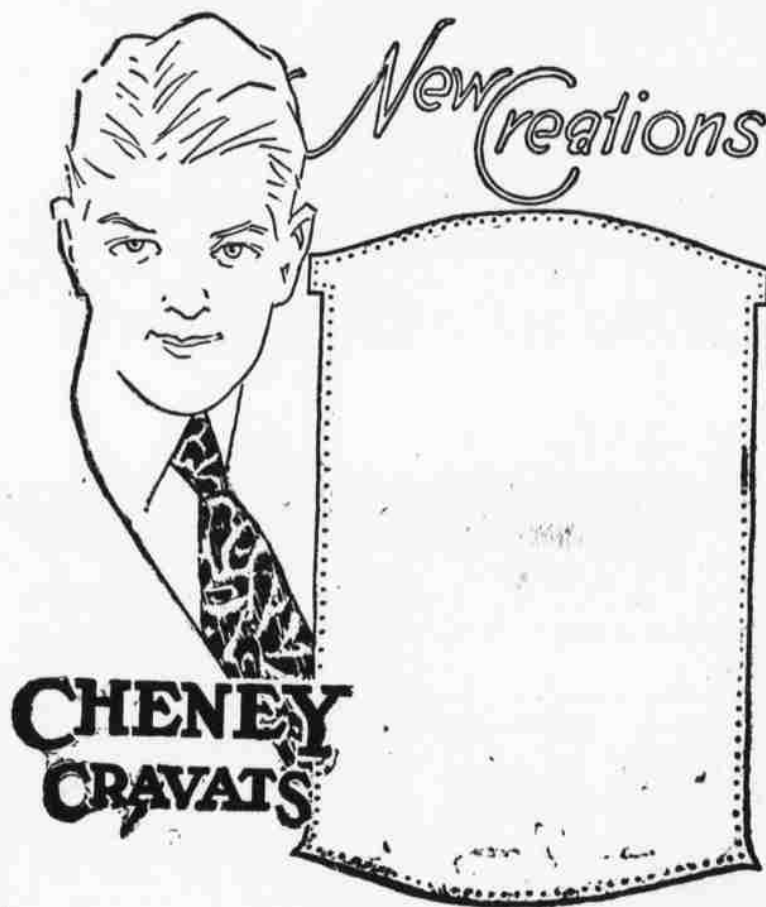

in all silk, wool or cotton. Beautiful patterns and colors. Fine gifts.

GLOVES:

If you pass up the ties and hosiery, how about a pair of gloves? We have them in work gloves, dress gloves and automobile gloves. Gloves make splendid gifts, always acceptable.

SWEATERS and MUFFLERS:

Then comes sweaters and mufflers. We have these for men, women and boys and girls. These are practical. They last; they keep the recipient warm and makes them think especially well of the giver.

CANES and UMBRELLAS:

Canes and Umbrellas are welcome gifts. These are nifty and nobby.

SUIT CASES and HAND BAGS:

A nice line of suit cases and hand bags can be found here—another chance for you to be practical in giving. These "stay put."

HOSIERY FOR WOMEN:

Father might give his wife or daughters something from our hosiery department. We have an especially nice stock—any kind, size and price. Gladden the feminine heart by the hosiery route.

Special Prices on Coat Suits:

We have a nice stock of coat suits, coats and dresses that we are giving especially close prices on. The thrifty buyer will look into these. We can please you in quality and price; better take a look at these while making plans for gifts for others. Give a coat suit or dress to yourself.

SUITS AND SHOES:

What is said above about the women giving herself something, can also be said about father treating himself. Our shoes are priced from \$3 to \$8 for work shoes, all guaranteed; and dress shoes from \$4 to \$14. Then our clothing department should fit you nicely. Waist line suits, belt models, rain-coats, overcoats, Stetson and Knox hats, underwear, belts, suspenders, handkerchiefs; in fact, this store can fit every member of the family in almost anything you desire.

OVERSHOES & ARCTICS:

We especially call your attention to our big stock of Overshoes and Arctics. These are for men, women and children--all sizes. Prepare for rain and snow. Protect the shoes of the family; keep their feet dry; ward off colds; save doctor's bills. "A stitch in time," you know. Supply the family with overshoes--and then insist upon their wearing them when it is wet.
